

ACRYLIC COUNTER SHIELDS

Protect your staff, customers and your community

Be prepared, Stay protected

In response to Covid-19 and customer demand, we are currently producing counter shields in three styles and sizes to suit a range of counters and reception areas. Made from acrylic, offering droplet protection to and from staff/customers.

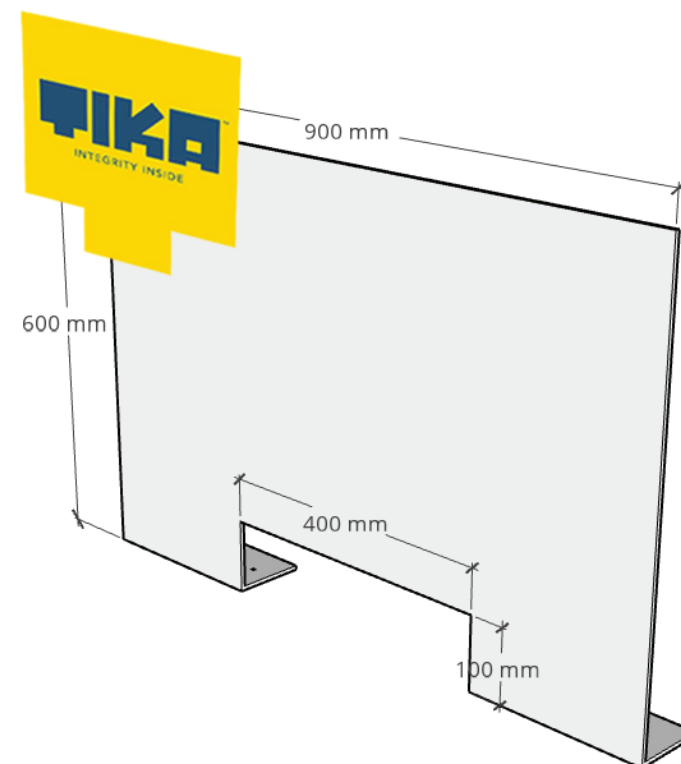

We can supply as is for you to install, offering nationwide delivery. We are only offering our installation service in Tauranga and most of Auckland. Enquire for more details on installation.

You can view our designs, details and pricing below. To order use the order form on our website listed at the bottom or contact one of our branches, we will be in touch to organise payment and delivery.

Tika are experienced in commercial interior and retail fit outs. We understand it may not always be one size fits all, if you'd like to discuss other options please get in touch.
